

18-7-56 Visiting Committee's Report.

Mr Small reported that an inspection of the more departments in the school had been carried out by Mr Allnutt and himself on Thursday, 12 July.

They spent about two hours at the school and met a large number of the instructors. The visit was a most enjoyable one, both to himself and Mr Allnutt, and the first class condition in which they found everything was a credit to all concerned.

Mr Small said that he regretted that Mr Allnutt had found it impossible to be present at the meeting and to give his impressions, but no doubt he would do so at a future meeting.

The report was received and adopted.
