to be and extended a warm welcome
Allnut Mr. Allnut suitably responded.

Reports The Principal's Report was read, received
and adopted.
Received: Mrs. Stor & Nicholson
Adopted: Mrs. Nicholson & Allnut

Visiting Committee's Report

Mr. Webb reported that an inspection of
the Art School, Students' Room, Array
and Chemistry Laboratories, and the
wooden steps at the rear of the Junior
Technical School, had been carried out
by Mr. Stor and himself during the after-
noon of that day.

20-6-56

It proved to be a bad time for an inspection
as owing to being the weekly sports day
very few classes were in operation.
In the Students' Room they noticed a loose
lining board and an old cupboard on the
south wall. They suggested that this
cupboard be removed if it is not
used by students as its appearance
is rather unsightly. They also noticed
that the floor in this room was very
springy and generally in poor condition.
In the Array and Chemistry Laboratories
they noticed the improvement due
to the new roof on the Chemistry building
and the repainting that had been
carried out.

The wooden steps at the rear of the
Junior Technical School were inspected
at the request of the Principal.
They recommended that these steps
be retained but be straightened
and reconstructed in concrete.
The report was received and adopted.
(Mrs. Bealand & Small)

Business Parents' and Friends' Association
arising It was decided that a letter be forwarded
out of to the Parents' and Friends' Association
reports thanking them for the excellent manner
in which the catering arrangements were
carried out on June 15th night.

Acquisition of property at 123 Cash Street
It was resolved that a sub-committee
consisting of the President, Mrs. H. R. Allnut
and H. C. Webb, the Principal and the
Registrar be appointed for the purpose of
