

The Beauty Spot was first recognised for its beauty back in the late 1800s, and has since been a favourite spot for locals and tourists to visit.

After the 2009 Black Saturday Bushfires devastated the area, the Department of Environment & Primary Industries (DEPI) worked hard to restore the area to its former beauty. They have done very well. Today it is a highly rated attraction. It is also a great attraction for those looking for an easier walk.

The Beauty Spot carpark is located on Kings Road, in the Marysville township, and offers the walker a beautiful stroll through a fern filled valley, via a beautifully designed walking path.

The two walk loops offer the visitor a 10 or 20 minute short walk, with an easy grade pathway, and lovely bridges. Flora and fauna are abundant and world class signage make learning easy and fun.
