

HOLIDAY'S IN MARYSVILLE

BY JOAN DIMMICH

After the devastating bushfires last year I was thinking of all the wonderful times I had enjoyed at Marysville and started looking at all of the photos I had taken.

I first went to stay at Mary-Lyn for a weekend reunion with my childhood Sunday School friends. We enjoyed our stay so much we repeated the weekend later, also having further trips with the Probus Club and other friends

The concept of Mary-Lyn as an over 50's club resort, as started by Malcolm and Jeni Reed was a wonderful idea. The trips, walks, spa and pool, games, the beautiful log fires in Winter, meals and comfy rooms. It was so sad when Mary-Lyn closed and I regret its loss as a getaway for us senior citizens.

In my pictures I see the wonderful deciduous trees that had taken so many years to grow, now all lost. I hope that they are replanted even if they take years to grow, to give Marysville the same Autumn colour that was so gorgeous. I hope the photo is of some use to you.
