WIRREANDA...FINANCIAL SUCCESS Twenty-one local organisations receiva dividend of \$100 each from the money raised during this year's "Wirreanda" Festival.

RUBBISH

According to reports, Marysville would have to have the largest, most unusual rubbish tip in Victoria. Our tip must be the easiest to find because you only have to follow the trail of refuse until you reach where the junk etc. was SUPPOSED to go in the first place. Perhaps the Marysville tip is the world's first "Radial Design" tip? Recently several plastic bags of rubbish were found on the Buxton Rd. by the Golf Course. The bags' contents had been strewn over the road and in attempt had been made to clean up. How about next time that you go to the tip you return home along the same route you went on and pick up any rubbish dropped along the road from your load. Think about the people who live along roads leading to the tip.

With a pre 1976 Festival credit balance of about \$750 the Wirreanda Committee paid out \$2100 as noted above and now has a credit balance of \$892 to prepare for the 1977 Festival. Nominations for Office Bearers for the coming year MUST be placed in writing before March 30.1977. This year's President, Mrs Val Cockerell will definitely not be standing for re-election.

The tentative date for "Wirreanda '77" is as from October 30.

DISTRICT FORESTER TRANSFERRED

The District Forester at Marysville, Mr Peter Brown this week received notice of a transfer.

Peter is to commence duties as District Forester of the Mildura Forest District on January 20. It will be six years since Peter and his family came to Marysville from Beaufort in January '71. In May '73 the then District Forester in the district. ,Mr K.Morrison, was transferred to Powentown and Peter was appointed D.F. in his place. The town will miss Peter and his wife, Margaret, as they have been active in community projects. Peter has been involved with the Swimming Pool Committee and provided the expertise which made the Wirreanda Noodchops such successes. Margaret has been active in Mothers' Club, Kindergarten and Girl Guide L.A. Committees.

LETTER OF APPRECIATION At the conclusion of their first year we congratulate the Lions Club for publishing their weekly "Triangle News" sheet of events and activities Friday morning is one of the highlights of the week when we look forward to reading all the local news items. This has stopped a lot of people saying "Why wasn't I told?". The wording in the paragraphs is excellent and apparently the Editors are either B.A.'s or B.M.'s. It is only the abbreviations that sometimes trick us when the Narbethon P.S. or the C.C.C. or the M.P.S. or the Buxton P.S.-not forgetting the S.C. are mentioned. All this reminds me of that character in Number 96.Reg Macdonald the A.C.T.

Also their six children will be missed at their respective schools, not only in numbers but also in quality. We take this opportunity to wish Peter, Margaret and family all the best in their new location and offer thanks from the Marysville people for the work they have done.

Mr Ian Gherashe, presently stationed at Macedon, is to replace Peter as D.F.
