#### FOOTBALL CLUB

Well wouldn't you know-the weeks that the Triangle News goes on holidays, we start winning games. Over the last four weeks the seniors have climbed from second last to fourth place with four consecutive wins.

The main reason for this improvement has been due largely to the fact that we have been able to muster a full and stable line up each week and we hope that we continue to do so. Absent from last week's team were new player B. Buckingham, who plays ruck-rover or back pocket and reliable back flanker Jim Serong who has incurred a serious for some time. However, all is not bleak as we herald the return of D.West into the team on Saturday ... hopefully. Derek has been playing with Prahran on match permits but has decided to return to his home team-much to the delight of his team mates. This Saturday is a big game as we play second position team South Belgrave and if we win it will give us the confidence we need to progress further. We ran the game right up to them last time with a badly undermanned team so our hopes are high.

with beer also. There will be good music but the price for the all inclusive tickets has not yet been established. The Tumble Drier raffle will be drawn that night and tickets are

with two wins and two losses but are still holding on to third phace on the. ladder. It seems every time they travel away they don't play up to the standard that they are capable of : If they would only realise that they can beat any team in second division they could then build up their confidence to get them in to 2nd ir 1st position. However it is my tip that they will be serious contenders for the flag. This Saturday will be action packed with two great games...under 17. Marysville V Emerald and Seniors .... Marysville V South Belgrave. We hope to get a good crowd to with cheer us on to victory. !!

Please notify Len King if you are bringing guests or if you will not be able to attend .Len will pass this information on to the new proprietor -of the Crossways.
