VALE "BOB" THOMPSON. After about forty years in the M'ville irea working in the bush and in Sund's mill, Bob Thompson passed away last week while visiting his daughter in

Jarrnambool.

While not accumulating great fame in the usual sense of the word "fame", Bob left behind a far greater legacy in the way he dealt with people. You will remember Bob as one of those men it was a pleasure to know. If you can say about someone after he is gone that he was "a great bloke to know" who could want for more fame? Those left to remember Bob most vividly others to arrive for the meeting time, are his two sons, Murray and Bruce and, we enjoyed some short readings and a daughter, Beverley.

cemetery last Monday.

Our thoughts go out to Bob's family at this time.

CHARLE'S HOME

We're all glad that Charlie Innes is. There was no charge for a choice home from hospital and doing well. afternoon tea.

Charlie's skill with the barber's gear again, he is under orders to have a good rest.

All barber's like to have a yarn while they're working so how about dropping round to see Charlie for the proverbial "yak" without him cutting your hair?

ATHOL SOWARD

One of the stalwarts of Gould's mill, Athol Soward is home again after another stay in hospital.

Athol has had a lot of trouble with his back recently and is still not A1.

A great family man, Athol has felt his absence from home more than his

physical disabilities.

Jan, Athol's wife would like to thank all the kind Marysvillians who have helped her through the problems which have come up recently-especially as far as transport to see Athol in hospital goes.

Our best wishes to Athol with the hope that all is normal soon.
