THANK YOU

Mr and Mrs Vern Bantick who have recently shifted to Beechworth would like to say "Thank You" to their many friends who gathered at the Pumpernickel to bid them farewell on the eve of their departure. They would also like to say the beautiful shrubs are doing fine in their new surroundings.

WHAT TREE IS THAT?????

As visitors who came to Marysville to see your beautiful trees, both European and Australian, at their autumn best, may we suggest that it would increase our appreciation if specimens were labelled with common as well as botanical names to help us identify them in your streets and motel gardens.
