GOLF CLUB

Further evidence of the support given to the Golf Club by local sources was provided last Satur Saturday by a local gentleman who obtained the services of a landscape gardener to further his plans to develop the course into a thing of beauty as well as a first class playing area. In addition to a row of trees on the fence line and a fine collection of rhododendrons and azaleas previously provided by him, we now have a planting of trees and shrubs so situated that in a few years' time the course will he scenit as well as a golfing attraction. The club's warmest thanks

In keeping with this scenic aspect the club hous house is to be given a fresh coat of paint before the Wirreanda Tournament thanks to the const Norman and Rosemary Fiske.

UNDER 14 FOOTBALL

Thornton and Alexandra played off in the Final of the Lightning Premiership Tast Sunday: Attthe completion of full time both sides were level so it was decided to play two extra five minute quarters.

Thornton, in the first time on period, scored one point but the second quartersaw Alexandra score a goal to run out winners by five points.

There is nothing btween these two teams—and it s seems certain that they will meet on two more or since occasions this year. Who will win???

Congratulations to Mr Cuzens for his generous donation to the Golf Club from proceeds of dinner but it must be also remembered that Marysville hasa "Bowling Club" which is also a Major attraction to our town.
