MARYSVILLE SENIOR CITIZENS.

There is no doubt about it - the local senior citizens will never keep still and fade away. Two outings this week - both were entertaining, friendly, and inexpensive.

The first event on Monday was a tasty casserole dinner at Leslie's in Falls Road, followed by the annual meeting. Mrs H.F. Norman resigned as President and the only other changes in the office hearers elected were - President Mrs. G. Whiteley, Junior Vice-President Miss C. Keppel, and Treasurer Mrs. B. West. We look forward once again to a very happy year of friendship and entertainment. There will be a full report of the Annual Meeting Coming Events, in support of local entrant JENNIFE in the Alexandra Standard early in August. Just a The outing on Tuesday was a bus trip to Boronia Theatre to see the film "STORM BOY". We started off in the frost at 9 a.m. and returned back to Marysville at 4-15 p.m.. The day was fine, the trip was good, the film extra good, also we enjoyed the light lunch provided by the theatre. Then I hours window shopping aroung Boronia Sho- andra Band, supper provided. PPIng Complex, and everyone agreed that it was a wonderful day. Cheap too !!!

" DRUG FORUM ".

A "DRUG FORUM" has been arranged for FRIDAY 21st JULY, 1978, and will be held at the NORWOOD HIGH L SCHOOL ASSEMBLY HALL, BYRON STREET, NORTH RINGWOODWeight Control Clinic Tuesday 3.30 - 5 p.m. at 8.00 p.m. An expert panel of speakers, all New clients by special appointment. closely involved with the problems of drug abuse, BLIND SPUT. 'hannin company of a blind person have agreed to address the " DRUG FORUM ", and to When you offer assistance to a blind person let answer questions. The Chairman will be Dame Phyllis Frost.

Panel: Dr. Peter Bush - Police Surgeon. Rev. B.J. Moxon - Vice President,

Alcoholism and Drug Dependence Foundation ofVic. Mr. Kevin Beach - whose work to rehab-

ilitate drug addicts has received wide coverage in the daily press.

Sgt.A:Warren - from the C.I.B. Drug Bureau, whose recent series of articles in the local press have received widespread support and aroused much interest.

We believe that the " DRUG FCRUM " will provide a rare apportunity for interested people to learn of practical and positive ways they can assist in combating this increasing community problem, as

ll as giving an insight into the treatment of drug addirts, the ways in which they obtain illegal supplies, and the lengths to which they are prepared to go in order to maintain their addiction. It is a frightening, but nonetheless indisputable, fact that the majority of children and teenagers will be offered drugs at some time during their secondary schooling, and many will "experiment" with various drugs which will-lead to their addiction. The problem is already widespread - and

is continually growing. It is a problem which can only be solved by community education and involvement. It is not a problem which can be ignored. ++++++++++++++++++++++
