GOLF NEWS.

Sunday was a winning day for the Marysville Golf Club. Firstly we were host club to Euroa, Avenel and Negambie's teams and we had a massive win 61 to 2 games against the Avenel team. Ken West was very mean by not letting his opponent win a hole. Col Alexander had an eventful day, he was waiting his turn to hit off when Tino discovered that the team at Alexandra was short of a player so Tino rushed Col over to Alex. just arriving in time to get him on that tee to start playing. Thanks Tino. The visiting teams were full of rraise for our golf course and its condition and all had a wonderful day even those who lost. The A.V.P.A. team , Laying at Alexandra had a tight win against Alexandra and this team goes into the final against Eildon at Alexandra on the 16th. Bill Sund and Col Alexander had good wins. Ted Norman lost on the 17th. Albert George playing the club captain Roy Lew Ton lost on the 21st hole. This out the pressur on our last player Alan Sund who finally won on the 20th hole to give us victory. The boys can relax this week-end at home in the mixed event. Good luck and good golfing for the final.

LOCAL RESIDENT LOST

Yesterday at 12 noon, Norman Fiske set off in the car for the M'ville Post Office. This is known to be a hazardous trip but Norm's wife did not suspect that Norm wouldn't make it. To make sure of his directions Norm called in at Jim Darmody's place. By the time Norm had noted down all the complex instructions and collected relevant maps it was way past tea time.

Noting this performance we wonder how Norm will go crossing the Nullabor starting today-if he gets packed in

time to leave that is!

Add good deeds as thickly as raisins in a plum pudding and bake with warmth
