GOLF COURSE SAGA

3.45 p.m. -- Geoff Cuzens, Frank Bones and Marshall Hull arrive at course for a quick nine holes. 3.50 p.m. - Geoff and Marshall nicely away. Franks tred up ball grabbed by small black dog. Dog grabbed by Frank, ball re-teed. Dogre-grabs ball, Frank re-grabs dog, and re tees ball. Nicely away, dog too !. Eventually all on first green, including dog. Frank putts, drops putter in anguish as ball, about to drop in, re-grabbed by dog. Frank re-grabs putter does nana, savagely chases poor little black dog, falls heavily on sodden green - Frank not the dog, which wisely takes off. Frank takes himself off green. Mud all down pants and jacket, fortunately not dinner jacket. Happy ending: - Frank wins next hole No dog-leg. OLE !!.

TO THE EAST RIDING RATEPAYERS OF THE SHIRE OF HEALESVILLE.

Having given much thought to the problems we face within our Riding, I have decided to stand at the forthcoming elections.

Firstly, we of Narbethong have a right to a share of the representation.

Secondly, many landholders on the Maroondah Highway are considering the possibility of changing to the Alexandra Shire due to the high farm rates. This does not seem to be in our best interests as a community; it would leave Marysville completely isolated from Healesville.

I have already come across many small but important problems facing ratepayers, and, if elected, intend to follow these through.

Being full retired, I feel I have the time to devote towards creating a better liaison between ratepayer and council for the welfare and betterment of our East Riding Community.

Politics should not have any bearing on local government and, if elected, I pledge myself to remain unbiased to any political body.

It is also my intention to meet as many people as possible during the next two weeks, but should

I not meet up with you, please feel at liberty to phone me on 637167.

Although voting is not compulsory, I will need your wholehearted support if I am to implement the policy of

Letter to the Editors: -Dear Sirs,

Once again we have local council elections, along your as to many and a selections which should be the best ever for the East Riding,

with three candidates trying for the vacant seat I can only hope that each candidate has the foresight to at least let the ratepayers know what their policy or aims are, or do we have to carry on with the past isolation of ratepayers

and council matters. For too long ratepayers bod not really been able to get complete working satisfaction with the Healesville Council. While we might be over the hill, so to speak, Narbetho and Marysville should be brought to the notice of the council at every opportunity possible. is not just a tourist area, but also a place haveing many ratepayers depending on other aspect of life for their living. How about someone explaining to us some of the following and whats being done about them: - Poor water supplies and pressure, contamination of local water supplies, water shortages in a mountain area, crucified trees by S.E.C., open drains on sides of road, some being fed directly by household waste, eroded roads getting worse as each winter

gets wetter, bush on side of main highway cut down, but nothing cleared away & erractic power

supplies to certain areas of town.

I hope to see some replies by local candidates next week. As for the council, it is about time it set some firm planned policies for the future for this is a large growing area, and let the ratepayers know what they are doing. All matters discussed by council at their meetings should be published in the press, as the councillors must remember they were put in to represent the ratepayers as a whole, therefore we have a right to know what is discussed. We also must know well before a meeting what is on the agenda, so we dont have another supperroom affair at the ratepayers expense. But as one local councille said just lately, why should we do that we have not done it in the past? . We should be now looking to the future and the good of Marysville so past policies and ideas must change, as everyone, everywhere, is starting to take an interest in all affairs concerning them from local council to State & Federal Government, after the mess they seem to have got us in.

Yours etc.,

Bruce McFarlane.

SHHOOL NEWS:

The new \$45,000.00 toilet block for the Marysville primary school is presently under construction. Foundations have been laid and basic plumbing is in situ. The new toilet facility will be linked to the school buildings by a covered walkway.

On Thursday Peter Halliday delivered a semi trailer load of chips from Cambarville Mill to the school. The chips will be spread around playground equipment to facilitate all weather useage. Thanks Pierre!!!
