WIRREANDA FESTIVAL 1978

Wednesday night saw an enthusiastic group of representatives at the Gallipoli Park Centre finalising the many and varied features of this year's festival.

All sub-committees reported excellent progress and all seems set for our biggest and best Wirreanda yet.

The float parade looks like being a real feature this year with many more flostas than at first anticipated.

Ball tickets are selling well so if you are interested in the ball which should be a fun night, with a few surprises thrown in , book now with Elsa Suffern...633 288.

If you are not already rostered how about giving me a ring on 6333333 and offereing your services as there are still numerous jobs available. Get involved by being a part of Wirreanda and really make this festival of yours swing.

> Val Cockerell. President.

SUCCESS!!!!

Last Sunday, October 8, the 1st Marysville Scout Troop took part in the Cohen Shield which is an annual State-wide Scout Competition. The competition was held this year at Wonga Park which is the site for the East Suburban Area inhwhich the Marysville Troop competes each year.

The Copperhead patrol with John Goulding as Patrol Leader obtained Gold Awards in four out of five activities and for their overall effort they won a Silver Award. They earned top marks in construction and a Commendation in the First Aid section of Emergencies. A very good effort.

For the past two years Girl Guides have also been taking part in the competition.

SENIOR CITIZENS

After the General Meeting last Wednesday the Azalea Blooms in the competition were judged and the highest points went to Mrs G, Payne of Taggty, 2nd to Tom Lewis and 3rd to Mrs Mavis Hadeld. The judges certainly had a difficult task considering the number of beautiful blooms submitted.

We wish to thank the Beauty Spot Nursery for donating an Azalea Plant for the main competition of the day which was won by Mrs Rose Walker.

TENNIS MEETING

Gallipoli Park Hall... Thursday 19th 8.00p.m.

WAS IT REALLY NECESSARY?????????????

As you all know the Community Vare Centre is wired up like Fort Knox so that the Sister can sound a piercing siren if she needs help at any stage.

The siren apparentely went off this week and several gentlemen raced to support the Sister in her hour of need.

On arriving at the centre it was found that Marion Gray had slammed her car door and jammed her thumb. The door was locked so Marion had to call for help.

Marion's cry for help was about 15 decibels louder than the electronic siren at the centre so it seems the latter wasn't necessary.
