WIRREANDA is over for 1978.

Financially it appears to be a great success final figures are still awaited, but more importantly a great week-end for Marysville.

I think all who participated would vote this our 7th Wirreanda Festival our best yet.

The floats proved a great attraction with so much work going into all the floats everyone who participated should be congratulated. The finished results were certainly something to be proud of.

The floral carpet by the Brownies & Guides was appreciated by all the camera enthusiasts & was a great attraction to be admired by all.

. To all the individuals who helped in any way towards making our Festival one to be remem-

bered, I would like to say thank you. There are so many facets of the Festival I am sure the Editor would not appreciate me mentioning all of them, but one I would like to make mention of is the Forest Tours, these were something of an experiment for Wirreanda & were a great success, as I am sure anyone who came along on either day, would agree. Both days tours were completly different and much enjoyed by everyone who went along: I would like to thank the local Forestry men for making these tours possible and also the three local identaties who helped on the

Phil Satori with 4 wickets for 3 runs off five overs and Alan Parsons with 2 wickets for 1 run off one over had really knocked our hopes.

With Paul Marney back from holiday to add to the remaining batsmen all was not yet lost, but alas Andy Beveridge forgot just how old he is and ran himself out going for a quick single.
