19/0 Vale - Mr. Bill Morris.

Born in 1911 Stanley, Alexander Morris known as " Bill " all his life, passed away at Eildon on Wednesday (28th).

His independence, dignity, courage and friendliness will be long remembered.

Bill's parents owned the Commercial Hotel in Alexandra, which they sold to the 18 Darmody family in 1926. Here it was, as a child Bill fell down a stairway and injured " that leg ". Bill's Father, Alec, then purchased a large sheep property at Taggerty and later at Frazer Park. On these properties he gained his great knowledge of sheep, his ability to buy and sell soon led to his training as a wool classer of international standard. This work often took him interstate and introduced him to the " one sheep to 3 acre " country of the Gibson Desert, one of his favourite areas.

No doubt his love of travel and knowledge of Australia, led on to his many years as the McKenzies Tour driver and further responsibility This is the fourth W as Tour Organiser - his commentaries were a real fact. Bill's love of " Reo Flying Cloud " motor cars and his skill as a driver, was equalled by his support of football a sport he followed always and later there was bowls. and drive esponse apped a od of

Minister, in an effort to resolve the problem,

THOUGHT FOR THE WEEK. IF YOU WORRY ABOUT YESTERDAYS' FAILURES THEN TODAY'S SUCCESSES WILL BE FEW.

METHOD OF DISTRIBUTION CHANGED FOR " THE TRIANGLE NEWS "

Since the beginning of "The Triangle News" Olga Vanni, the local postal delivery lady, has dropped a news sheet into all letter boxes receiving mail on a friday. There have been hitches but these have NEVER been Olga's fault.

If you have missed receiving a paper with your mail it has been because the papers were late in getting to the Post Office.

From time to time over years Olga has been subjected to if not abuse, then rudeness from quite a few people because they have not received a paper. The Editors of this news sheet have decided that enough is enough and from now on papers will not be sent out with mail but instead will be placed in all business outlets in the town (subject to their approval)

Narbethong and Buxton will be serviced as they are now. We are sorry for any inconvenience caused and, on behalf of many, many people thank Olga for a voluntary unofficial

This is the fourth year of " The Triangle News" publication and we are glad it still continues to serve a need and ask you, the readers, to bear with us at this time if any problems arise. Publication of the paper is a problem at this time because a three year old'icatine has been completely upended and your understanding is asked for when any difficulties arise from time to time.

Marysville Bowling Club.

A very lovely day, was enjoyed by sixtyfour bowlers, when the "Marysville Ladies "entertained them at their " Gala " day on February 22nd.

The day was won by a Marysville team Captained by Betty Kelly with Eric Kelly, Max Stephens and Thelma Stephens. Well done Marysville. Our lovely Club House was made more attractive bt the sun blinds presented to the Club by Mrs Elese Ackerman and her family, in memory of her late husband Ralph, who was a very respected member of the Club. They are much appreciated.
