WIRREANDA DECORATED FLOAT PROCESSION.

Remember the colour and added attraction our procession of floats made to Wirreanda last year - we're sure that all who saw and participated will agree.

Well this year is going to be even better....

Do you know who lead the Moomba Parade to Healesville on 624422, or emergency calls in Melbourne last year, and do you know who's going to lead the 1979 Wirreanda Festival Float Parade this year ???????

> The same people ... 35 bandsmen of the Victorian Police Force Brass Band who are bringing the son of " Gendarme " their famous mascot horse to head the procession. With a start like that, plus the enthusiasm and co-operation of all the organisations and individuals in "Wirreanda Country", we feel sure it will be the best parade ever.

Our thanks and appreciation went to all who joined us last year, the floats were terrific - a credit to all concerned - 30 floats with 2,000 spectators watching... not bad; !: . But lets think BIG in 1979 and make it - 60 floats with 4,000 spectators watching. Our procession can only be as good as YOU make it, so put your thinking caps on and jazz up some terrific ideas.

The keen and enthusastic team of the " Float Committee " are ready to help with any queries you may have, and hope that you will all join them, to make Moomba a thing of the past and WIRREANDA the Parade of the year.

FOOTY NEWS....

The Juniors and Reserves were well beaten on the scoreboard by Wandin but the scores were by no means any indication of a poor game. Both undermanned teams took the game right up to Wandin but we were having less luck up forward. In the Seniors it appears that some players have already decided that we are not going to make the Four as it is obvious by their game lately and although it might seem impossible to reach the Four there is still the slightest change. Scores - U17's Wandin 17.15 Marysville 4.4. Goals - P. Ridgway 3. T. Culhane 1. Reserves - Wandin 22.23, Marysville 5.5. Seniors - Wandin 20.20 - Marysville 8.10.

After the Powelltown game this Saturday we hope to see all and sundry at the dance at the Hotel and we also hope to see Parents chaperoning Juniors. Don't forget on Sunday we have the Gals v Guys Footy Match with a B.B.Q. in attendance all day. Match starts at 1.00 p.m. Liveysed to feller Lie of breste

ALL ORGANISATIONS PLEASE NOTE: - We have made a tentative date for our Presentation Night for Friday 26th October. If this clashes with other functions please contact T. Harrow by Monday deadline. After Monday

BINGO: - The third session of Bingo was held on Wednesday and was by far our greatest success financially to both players and the Footy Club. The average payout prize was \$6.00 while we had jackpot games with three \$10.00 payouts, four \$15.00 payouts, and one \$60.00 payout. These were by far the best prizes so far and if we can get more people interested in this fun night, the prizes will be even better. Unfortunately there will be a slight delay in the next sessions as the paperwork takes a little time, but watch " The Triangle News " for notification.

While this is happening we would like to hear from people who would be interested in playing Bingo in the afternoon. This would be an advantage to the people who are not keen on venturing out at night, and will be held in Marysville. So please let any club member know of your feelings towards after noon Bingo as soon as possible,

LETTER

To The Marysville Football Club.

Is the Football Club so short of players, that they have to stoop to using our Junior Players, in the Reserves & Senior Geams. When things are so bad that a player of Peter Crosbies size is asked to play against better, bigger and more experienced players like Wandin Reserves, this is very definately not right, and something should be done about this. Juniors should not be allowed to play in our Senior games, it is far to risky for them and certainly does not improve our Junior footballers in their own game. Please do something about this atrocious situation before one of the boys get hurt.

LETTER

A frequent visitor to Marysville observes with delight the greater numbers of the beautiful parrots - Kings, Lauries & LowRIE Rosellas - feasting on acorns under the town's trees. He wants to know why a study of their No ROSELLAS favourite foods couldn't be made, and a supply be available in suitable containers in the trees. This would encourage the birds to stay in flocks in the town as a tourist attraction ?. They'll need approximately three months feeding - until people's apple trees bear ripe fruit to their liking !!.
