MARYSVILLE PRIMARY SCHOOL MOTHERS CLUB

It seems that unless we have the weekly editions of the Triangle news and the School events most Mums have very short memories.

The Mothers Club was suppoed to have their General Meeting on Tuesday September 11, but as only 4 mothers honored us with their presence this was postponed.

Do you think that if you read this over the weekend you might be able to make it to the school by Tuesday September 18 at 2 p.m. We would love to see you all.

B. Wait

Secretary.

A letter has been received from a "J.A.K.", Melbourne. We suppose it was for printing in the Triangle news but unfortunately this is not possible due to the form the letter takes.

The anonymous writer deplores the fact that local youth is passed over when staff is needed for guest house work in Marysville. Wait family. We believe that the Guest houses, in 99% of cases prefer to use local staff and, in fact do so. On looking into the writer's claim that Marysville has a severe youth unemployment problem we believe that the opposite is in fact the case-----Marysville seems to be one of of the the fortunate places where young people who want to stay in the town and are prepared to work in the types of jobs available can find employment.

> We further believe that the single establishment "J.A.K." singles out for attack sets a lead in employing local people.
