"A Wirreanda Thought" published last week again proves that the Triangle must be the most sought and best read news sheet in Australia. It also shows how many interpretations can be placed on a few simple lines.

Comments include "That land is already promised", -"My club has counted on a dividend", -"What a good idea to have one major project", - transferred from Tasmania but the bans on "Why invest when some organisations are feeling the pinch", -"Just the thing to emlarge Gallipoki Park Pavilion", -"Isn't the 'general running of a group'important in itself?",-"The Lions make their profit direct from the catering and then suggest how to change the use of the Wirreanda proceeds", -"It's about time we thought bigger".

Certainly the article achieved its aim, for when the 21 organisations shape Wirreanda for 1980, there's sure to be much thought and

discussion.

A THOUGHT ON A "WIRREANDA THOUGHT"

In writing the article that Jack mentions I was merely expressing a personal thought. This thought has been expressed by quite a few people from time to time so it is a personal thought belonging to meveral people.

Of course, without agreement on the part of the Wirreanda shareholders, no alteration to disbursement of profits is possible-and rightly 50.

The statement "The Lions make their profit direct from the catering and then suggest how to change the use of the Wirreanda proceeds" which was apparently said to Jack needs to be answered. The article I wrote last week was, as I've said before, a personal statement and in no way expressed Lions Club policy. Any statements by the Lions will carry the bame of the President or Secretary of Lions.

WIRRIANDA APPALOOSA STUD

(No!-for once the spelling is correct) Graeme and Dot Dawson have recently start ed their stud in South Cathedral Lane, Buxton.

Originally (15 years ago) the Wirrianda Stud name was registered by Graeme when he sharted a Beef stud.

The Dawsons' Apploosa stud was recently importing stock into Victoria meant that all the brood mare stock had to be sold in Tasmania. Graeme arrived here with his prize stallion "Cyclone" which is a 16.2 hands black and white leopard. "Cyclone" is a proven strong color thrower over palin mares.

As an introductory offer for this season, a service from "Cyclone" is available for \$200 or \$100 for mares who will produce progeny which cannot be registered. Live foal guaranteed and free mare agistment.

General horse agistment is available at

"Wirrianda" for \$5 per week.

For those of you who have not seen an Appaloosa horse here is your chance to inspect this unique breed because Graeme and Dot will make you most welcome on their property. Ring 057 747 313 to organise a visit. While you're there you can also see the dogs in Gaeme and Dot's "Graydora Weimaraner Stud".

Knowing that so many were thinking of me, and wishing me well, helped me very much to accept the slow progress in the early stages.

I am now hoping that it will not be long before I am up and about again. Till then, my best wishes to each and every one of you for good health and a happy festive season.

With many thanks, I am, Yours sincerely,
