TO THE MARYSVILLE FOOTBALL CLUB Well I must admit that at the start of the season, I had my reservations about paying so much momey out for our two senior coaches, but they have certainly made a noticeable difference in our seniors, mind you, they are not by any means perfect yet but perhaps with the continuing perserverence and tenacity of the boys and the coaches we may get there yet. May I just say the seniors trainer leaves a lot to be desired, please be on the job at all times and quickly, you have not improved much since last year, I realise this is not an easy job and that not many would take it on, but do try to concentrate on the injured men and not the game. There is also a complaint about the juniors, although they are trying hard, there seems to be a bit of confusion about positions on the ground when playing mainly because there seems to be to much outside to me poke their nose in where its not warranted. Please leave the boys to Mr Argent on Saturdays and only Mr Argent unless asked to do otherwise, we realise you are only trying to help, but in actual fact are making things eo much rwcrse, this way the boys will know who to listen to without any side issues and perhaps we may also see a difference there.
