Over the past few weeks, some concern has

been expressed from different factions of the

FIRE BRIGADE NEWS. SIREN CHANGE??

Community about the present siren time. The reason it is presently sounded at 11am is that is works in with our Sunday workload. As usual new Principal at the Marysville Primary in an effort to work in with the rest of the Community, we would appeal to the people or organisations with suggestions of alternative times for the siren. These written submissions will then be considered at our next meeting, and the outcome will be printed in the Triangle News. Thank you for your continued interest. T. Harrow. (Captain). NEWS CONT. Winner of the Fire Brigade Christ -mas Stocking was Barbara Holmes. Thank you for : making it a success. Winner of last weeks Meat Your help is sought in following the above Hamper was B. Thompson. Pre Christmas weather has made it difficult for our burning & block slashing program, but we are struggling through. Don't be fooled by this past weather, as we could still have a dangerous February & March, and with all the prolific growth, we could still have fires. Our New Year's Eve Fancy Dress at the Hotel, according to those who attended was a fantastic night. Although we lost money on the night (which was a real blow to all the organisers) we have been persuaded to have another go for 1986. To make this one more successful, ass we need is you. Get your costume ready. Only 332 days to go. Fundraising for the Crew Cab is still prog-

ressing, so keep tuned for any of our Fundraising Ventures. Heard the on about the startled fireman - certain chef fireman check -ing Fire Plugs on Sunday was seen running away from same shouting. "That one's O.K.". Closer inspection by the Captain revealed a certain 12 inch copperhead had claimed the Fire Plug for his domain. The offender was later evicted. We'll have trouble getting the embarressed chef to check any further plugs.

MARYSVILLE RETIREMENT VILLAGES

Residents of the district will be pleased to see that construction of the first s ction of the village has commenced, and four units are due for completion during April.

A detailed brochure explaining various aspects of the village will be delivered to all residents early the following week.

Persons interested in registering their inter -est in occupying one of these units are invited to contact the secretary (Geoffrey Pope or other committee member as soon as possible to obtain the application forms.

Initial applications should reach the secretary by Monday, February 17th.

Malcolm Reed. President.
