WELCOME BACK !

... were the words on the screen in one of the 'rooms', pictured top left.

The school is now open and the children no doubt enjoying an atmosphere we older people can't even imagine. "Nothing like any schools, I've ever seen", was an often heard comment. But we have open plan homes, why not open plan schools?

It really is a wonderful state-of-the-art building. Very modern, light and bright.

In the middle of these open plan class

'rooms' is the giant chess board, top right. We are told that the children have been practising and some of the students can keep a challenge going for an hour or so. The photo also shows two more of the classrooms in the background.

The children were all presented with an Australian plant when they entered the school for the first time on Monday.

The photo lower left, shows Principal Peri Dix writing the children's names on their plants.

The opening was well attended by parents, grandparents and the appropriate politicians.

For those people who would like to have a look at the school /kinder, the building will be open for some hours on **Saturday, May 1st**, to co-incide with the **Marysville and Triangle Information Expo**, when everyone will be most welcome to come and see for themselves what a truly modern school / kindergarten / early childhood centre looks like.
