## Local Golfing Legend Honoured by Her Hero Peter Thompson.

Another busy week for the Marysville golfers culminated in a visit to the club last Saturday by golfing legend Peter Thompson. Peter, a five times winner of the British Open, came to the club to launch Liz Amos's book- *Marysville Community Golf and Bowls Club Before and After Black Saturday.*

Peter wrote the forward to the book and when Liz was asked who she would like to invite to the launch Peter was on her list.

Liz had no idea that Peter had actually agreed not only to attend as a VIP but to launch the book. So in front of club members, Dalhousie representatives, and Liz's family and friends, he not only launched the book but presented a surprised Liz with a Life Membership of the club. We thank Peter for attending the event and congratulate Liz on her publication and her thoroughly deserved life membership.

## *Northcote Pottery Helps to make Mother's Day special for Triangle residents*

Last Friday representatives from Northcote Pottery brought a truckload of products consisting of sets of planter pots in a variety of colours and styles, bird baths, letter boxes and water features, for their Mother's Day Giveaway.

In addition, most received a free copy of "The Northcote Pottery Story over 110 years" and a discount voucher provided by Healesville Supersoil.

The 'Giveaway' was well attended with approximately 150 people from all around the Triangle, leaving with a much appreciated gift to help beautify their gardens.

Thanks to Northcote Pottery for this very generous donation to our fire-affected area..

### **Elgas and CFA**

are having a BBQ in the Main Street of Marysville  
@ the CFA 12:30pm  
on Thursday 12th May  
for Tradies and others that want to come along.  
Its a Gold coin donation proceeds to the CFA.

Free Trade packs will be available,

## Marysville Triangle Men's Shed Update 004

Setting up the men's shed has been difficult and with some disappointments. However recent events and their outcome have now placed us in a more positive position. But more work is still needed to be done to reach satisfactory outcomes both for the members and the communities of the Triangle.

The problem we are facing will require a great deal of time and effort from our members and will not be fixed overnight, but hopefully sooner rather than later.

One of our members visited the Kinglake men's shed to have a look at their set up and layout of workshop also the TV and computer area. Chris Rhur the coordinator was very helpful along with 2 other members and we thank them for all their help and information they gave freely. We are setting up a digital photo editor introduction for members and any other men in the Triangle who may be thinking of attending a digital photo and camera course that is run by CEACA. Our main aim is to give some ideas of digital photos (using PICASA 3). A little understanding is usually helpful both for the instructor and those in the class perhaps knowing something about photo editing.

Members and non member men can contact Noel for details about digital photo editor introduction.

Enquiries about your men's shed contact Dave 0407134277 or Noel 57747568 anytime.
