

No 8 General Hosp.  
B. I. F.

19. 8. 18

Dear Sir,

I am writing  
again to give you very  
sad news.

Your Son, Lieut. A. J. Grape  
became rapidly worse  
during the last twenty four  
hours - & I am very sorry  
to say that he passed  
quietly away this evening  
6.55 p.m.

All that was possible  
was done to save his life  
but he sank rapidly.

His lungs were choked  
with the foam - & although  
oxygen relieved his breathing  
- it was only a temporary

relief. With much sympathy

for you in this terrible  
loss

I am

yours faithfully

K. Pecoe Watson
