

With regard to Bathing
in the Dam, if it is
quite safe! & Mrs Power
thinks it right & fit for you
we don't mind. But be sure
to take care of yourself &
don't go in by yourself, if
it makes you giddy, don't
go in again! ^{Don't}
You ought to be able to
speak 3 or 4 languages?
before you come back?
being among so many
foreigners!

Arnold & I had a good
time of it at Luccombe iffo
we had nice weather all the
time & saw such a lot of
Ships coming in & going out
of the Heads. Steamers & Ships

on Sunday morning we saw a
large German Ship come in
with full sail set in a
fine sight! We went to the
Iron Island & saw the
Naval Cadets who were camped
there: they had a good time
of it we saw them washing
their collars &c & Boating
Diving & some bathing!

We are ^{all} well at home &
hope you are the same, glad
to see in the paper that the
Weather is getting cooler up
with you, so you must get
burnt up, if you are kept
well & like the place you may
stay longer. but please young
that is if you are not too
Mrs Power too much.
Remember us kindly to Mrs &
Mr Power family. With best
wishes to you & ^{your} ^{family}
Arnold
