Series Description Sheet**

Series Number: 069

Series Title: Audio & Video Tapes

Provenance: Shire of Eltham

Date Range: c. 1969 - 1994

Shelf Qty: 0.2sm

Content Description:

This Series consists of VHS format video tapes accumulated by the Shire and also two Grundig cassette tapes recording a talk by Alan Marshall, author of *Pioneers and Painters*, delivered in 1969.

Please refer to the attached spreadsheet page for further information about the videos and other materials in this collection.

Physical Characteristics/Condition:

Magnetic Tape – longevity of this media is uncertain (ie tapes will need to be re-copied at a later date, probably within 10 years of creation).

Notes:

Refer also to Series 45 – “Sounds from the Shire of Eltham – tape cassettes” (copies of Bird Songs and Night Calls & Listening to the Landscape).

Re Item 1 – the 1960s Grundig Tapes. We were advised in June 2000 by Noel Chris of Dictaphone Repairs (ph. 03-9347-9822) that we would need to obtain a Grundig model 101 machine in good working order to listen to these tapes. Apparently these machines are no longer obtainable in working order. At this stage the tapes are retained in the hope that we will be able to re-spool the tapes onto other reels and play them on a later-model machine (though there is no guarantee that any data has been retained on the original magnetic tapes).
