TENTS AND FLYS

Material—THE BEST

Manufacture—THE HIGHEST

Prices—THE LOWEST

OUR ENORMOUS OUTPUT ALONE ALLOWS US TO SELL AT THESE PRICES

Our Tents and Flys are known throughout Australia for their **Excellent Make and Finish**, and our enormous stock of **Cotton Duck, Calico and Tent Materials** allows us to execute the largest orders promptly, in most cases from open stock.

We Guarantee

1. Our Tents and Flys to measure full size less only the material used in the seams
2. The height of the Walls and the centre height of the Tent are full measurement when finished
3. Our Tents and Flys are strongly reinforced at all wearing places, such as the Gable Patches, Doubled Ridge Pole Holes and Doubled Ridge Patches. Eaves Roped and only best quality Eyelets are used. Every Eyelet is reinforced with strong Canvas Patch, and our Tents and Flys are strongly sewn throughout with best Thread
4. In addition, qualities 10 oz., 12 oz. and 15 oz. Tents are supplied with Ridge Bands and large overlap Doorways, while the Flys, in these qualities only, are supplied with Ridge Bands.

Shop Front Awning Blinds, Florentine Blinds, Oriental Blinds, Spanish Blinds, Throw-out Spring Roller Blinds, etc.

Space does not permit a full description, let alone full price lists of the many types of Blinds now being manufactured. Send to us for full particulars and prices.

Awning Blinds, and here we use the name in a general sense, have become a specialised trade, and we keep a special staff specially trained, which we place at your disposal.

Your enquiries, which will be dealt with both promptly and efficiently, are invited.

No. G355 FLORENTINE BLIND.

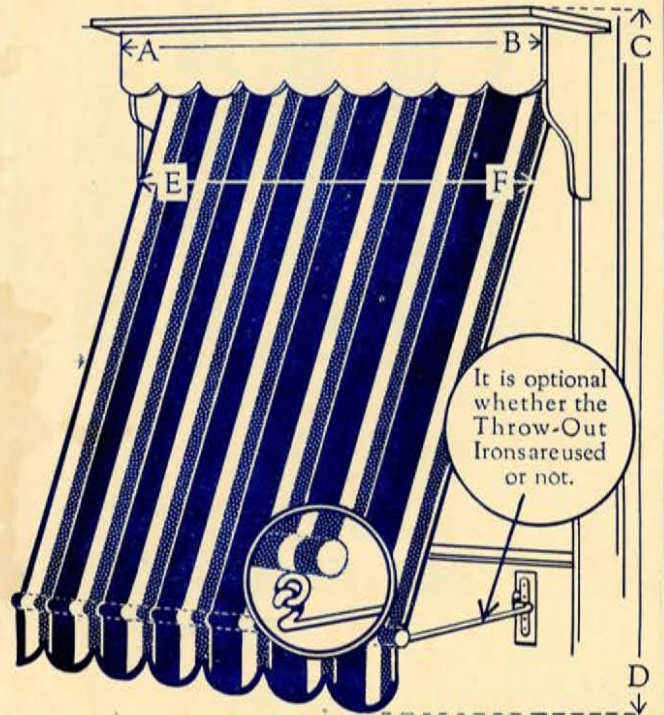

Supplied with or without Box.

Supplied with or without Scalloped Valance.

Two measurements are essential:—

A-B, total width of box, outside measurements.
NOTE the cloth measurements E-F will be 4 inches less than the box measurements A-B.

C-D, STRAIGHT drop of blind from top of box to bottom of scalloped valance.

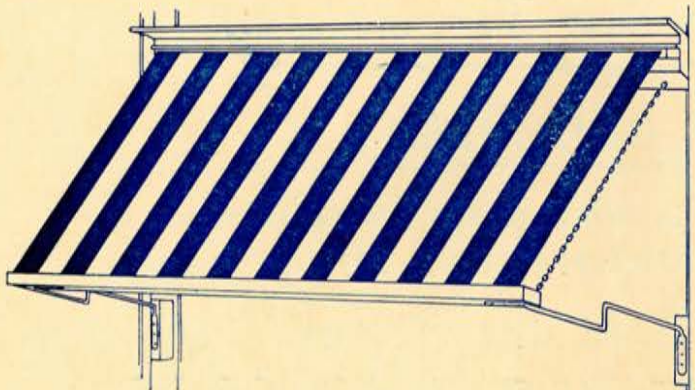

No. G356 THROW-OUT (SPANISH TYPE) SPRING ROLLER BLINDS.

Supplied with or without Box.

Supplied with or without Scalloped Valance.

The same measurements are required as for the Florentine Blind.

REMEMBER the cloth measurements E-F are approx. 3 inches less than the box measurements, A-B.

No. G357 SHOP FRONT AWNING BLINDS.

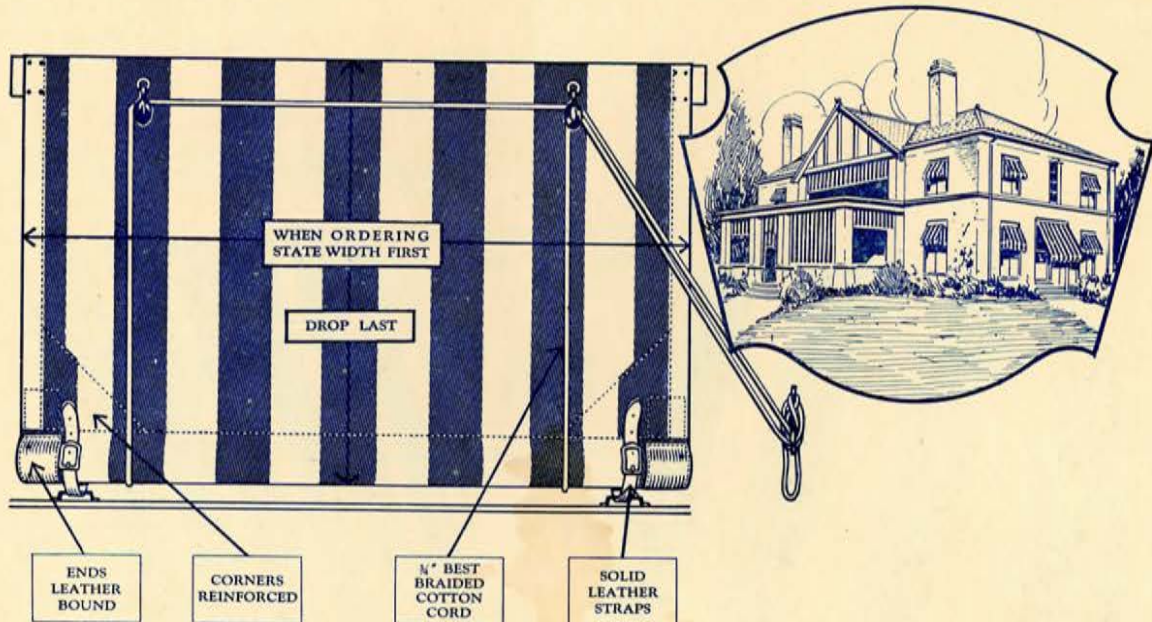

Usually we prefer to measure and submit quotations for this type of Awning Blind. Where this is impossible, great care is necessary in measuring.

We advise you to consult Local Governing Authorities, so that Local By-Laws are conformed with.

We shall be pleased to submit full particulars on application.

Important Notice

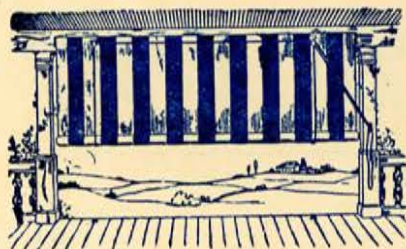

ALL WEIGHTS OF COTTON DUCK QUOTED ON THIS LIST ARE TO THE SQUARE YARD.

The change was made about four years ago owing to confusion which resulted from quoting some Cotton Ducks by the standard weight and others by the square yard weight

Our Blinds are noted for superior workmanship, finish, and appearance. Best Linen Thread only is used. The bottom corners are reinforced with a triangle Canvas Patch, and in addition the ends are leather-bound, as a protection against chafing.

BASIL PATCHES, 1/6 each extra.

Intermediate Sizes are charged at next largest size,

Price List for Rollers, Holland and Sundries on application

IMPORTANT FACTS TO BE REMEMBERED WHEN COMPARING VALUES AND PRICES.

- HOLLAND:** Only the Best Quality Fadeless Lizard Holland is used by us.
- ROLLERS:** Australian, Hartshorn, or Eclipse Rollers are used, and every Roller is guaranteed, and we guarantee to replace the Roller if faulty.
- MAKE AND FINISH:** A pocket is made for the Roller, thus ensuring perfect hanging and alignment; the sides of the Blinds are usually Selvedge, but where this is not possible the sides are hemmed. The Knot Holder and the Blind Pull (ring) are supplied as near as possible to match the color of the Holland.
- IMPORTANT:** When ordering (in order to save delay), always state whether the measurement is PIN MEASURE or CLOTH MEASURE. This is important, and where this is not stated the order is always referred back.

SPECIAL STOCK SIZE ROLLER BLINDS

We issue a Special Net Price List for 3 ft. x 6 ft. Stock Blinds in Lizard First and Second Qualities—Plain, Box-Pleated and Fringed; also cheaper qualities. Write for Price List.

Important Notice

ALL WEIGHTS OF COTTON DUCK QUOTED ON THIS LIST ARE TO THE SQUARE YARD.

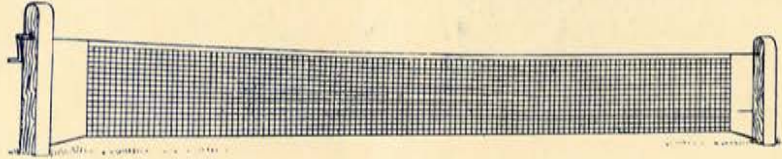

The change was made about three years ago owing to confusion which resulted from quoting some Cotton Ducks by the standard weight and others by the square yard weight.

The "Twentieth" Hole Golf Tent

Price
£5/15

Reduce your Handicap to Scratch by using the "Twentieth Hole" Golf Tent.

This Tent is the result of many experiments made by us to produce a Golf Tent which combines all those features which make the Tent a great success for the Golfer in need of practice.

The Tent can be erected in any fair-sized room or outside on the lawn. All Golf Strokes, from a Full Wood to a Putt, can be played, without any risk whatever. A Mashie, shot into the hole in the centre of the Back Sheet, runs down a pocket at the rear of the sheet, and passes through the Putting Hole back to the player.

The Fabric portion of the Tent is made from the best Flax Duck, and is the most suitable fabric for this purpose. The Tent is complete with two Uprights, having removable Supporting Arms, and Guy Ropes and Pegs.

The "Pargolf" Practice Sheet

Is a plain Sheet, made from Flax Duck (size, 9 feet long by 7 feet deep), with a Ground Flap 12 inches wide. PRICE FOR SHEET ONLY, £1/12/6.

Extra for two "Premax" Adjustable Rust-proofed Steel Uprights, with four End Guy Ropes and Pegs. £1/10/-.
