

SANDER & SONS'

PURE

VOLATILE

EUCALYPTI EXTRACT

(Extractum Eucalypti e Foliis Selecta.)

Introduced in 1870 and since then used all over the Globe and highly recommended by:

- JOSEPH LISTER, M.D., Professor, etc., England (*Gaillard's Medical Journal*).
- LOUIS BAUER, M.D., M.R.C.S., Eng., Professor of Principles and Practice of Surgery and Clinical Surgery St. Louis College of Physicians and Surgeons. (*St. Louis Clinical Record*).
- P. H. CRONIN, M.D., Professor of Materia Medica and Pharmacy, St. Louis College of Physicians and Surgeons; Lecturer on Physiology and Hygiene of Voice, Beethoven Conservatorium.
- W. H. HAZARD, M.D., Professor of Principles and Practice of Medicine and Clinical Medicine, St. Louis College of Physicians and Surgeons.
- S. H. MCINTYRE, M.D., Professor of Clinical Surgery, St. Louis College of Physicians and Surgeons.
- GEO. C. PITZER, M.D., Professor of Theory and Practice of Medicine in the American Medical College. (*American Medical Journal*).
- C. HENRY LEONARD, M.D., Professor, etc., Michigan Medical College. (*Michigan Illustrated Medical Journal*).
- R. MOSLER, M.D., Professor at the University at Griefswald, Germany (*Berliner Klin. Wochenschrift and Zeimssen's Cyclopaedia*, vol. viii. pp. 420-421.)
- Professor HERTZ, (Germany) on "Malarial Diseases." *Zeimssen's Cyclopaedia*, vol ii. pp. 669-671.

Insist on Sander's Extract, Because:

The manufacturers guarantee it to be absolutely free from Phellandrene and from woody and therebintinous impurities—whence its perfect safety for internal and external use.

Chemical analysis shows it to contain 80% of *Ethereal* EUCALYPTOL which is different in chemical composition from, and is possessed of far greater antiseptic power than the eucalyptol of the common eucalyptus oil, and is the product of the special "SANDER" method of manufacture, as proved at the Supreme Court of Victoria.

It contains eudesmol peroxide—another valuable antiseptic.

The balance is made up of pinene—the healer of the mucous membranes and bronchial tubes.

The "trade-mark"—distinctive label—of SANDER'S EXTRACT is a real guarantee that you receive a pure, effective and safe medicine.

SANDER

HOW TO USE

PURE VOLATILE

and

Sons' Eucalypti

EXTRACT

1. Toothache and Earache:—Apply the Extract pure to the gums and around ear and use fomentations as in No. 10.
2. Headache and Neuralgia:—Apply Extract pure and take 5 drops in a tablespoonful of cold water internally three times daily.

Sander & Sons' Pure Volatile Eucalypti Extract.

was awarded **First Order of Merit and Gold Medal**, at New Zealand and South Seas Exhibition, Dunedin, N. Z. 1926.

Diploma and Medal, International Exhibition, Amsterdam.

Analysis of Prof. Inglis, University of Otago, N. Z., proves potency and purity.

Sander's Extract is under the Distinguished Patronage of
His Majesty the King of Italy.

Sir I. Madden, K.C.M.G., &c., Lieutenant Governor and Chief Justice
of Victoria

when delivering judgment in a case in which an inferior substitute had been pushed as "just as good" as Sander's Extract, said with regard to the Genuine Sander Extract:

"Whenever an article is commended to the public by reason of its good quality, it is not permissible to imitate any of its features."

Baron Von Mueller, Government Botanist of Victoria

in a letter addressed to the Manufactures declares Sander's Extract an excellent product.

Mr. A. DeBavay, the Eminent Analytical Chemist, Melbourne

testified at the Supreme Court, Melbourne, that Sander's Extract contains large amounts of antiseptic and balsamic (healing) substances which are not contained in other eucalyptus products. He stated that Sander's Extract compares with the commercial products as well refined and matured brandy compares with raw spirit.

Important Testimonial.

Sandhurst, Australia.

I have been investigating Messrs. Sander and Sons' Eucalypti Extract since its appearance, and I have to admit that there is besides it no medicament I know of, of such universal effect on the human system. I observed in the first instance, that it checks inflammation of whatever kind—inflammation of the chest, lungs, all throat affections, such as bronchitis and diphtheria. It alleviates and cures pains of rheumatic nature, neuralgia, etc. I have used it with unparalleled success in swellings, bruises, sprains, wounds of all kinds, and of a most serious nature, as well as in all disorders of the bowels, diarrhoea, etc. I am fully convinced that the introduction of this medicament will meet with the greatest estimation, and I gladly acknowledge its merits for the benefit of the public.

John Cruickshank, M.D., L.R.C.S.E.,
Health Officer.

I certify to the seal of the City of Sandhurst, Australia, being affixed to this document.

D. McDougall,
Town Clerk.
