R. Hannah Ford Harris ✓

+ Received relief from October 1872
to August 1873 when her two children
were committed to the Austriest Industrial
School and she was enabled to avoid
aid until 6.3.75. - At interim she
applied to have the children handed over
to her and on the 21.3.74 they were
discharged. - From that period to
6.3.75 she supported herself and them
by keeping a small shop and begging
when she again applied for aid
which she has been receiving
until the present.

A. B. Since 1872 she has been
constantly begging ostensibly for
the purpose of erecting a house
