QUEEN ELIZABETH II COAT OF ARMS FABRIC DISPLAY

This is a rare and unusual item. It is a fabric display of the Royal Coat of Arms produced to mark the Coronation of Queen Elizabeth II. It is beautifully presented in its original frame and is ready to hang. A high quality piece of Royal memorabilia. The framed size is 25.5 ins x 22 ins. This rare piece of memorabilia was the personal property of Lady Anne Winnington whose family seat was at Stanford Court in Worcestershire and who had historic links to the monarchy, the Churchills and the English Civil War. Both Sir Francis Winnington and Lady Winnington were avid collectors of Royal and naval memorabilia which they displayed in their home at Brockhill Court and at their London property. Sir Francis passed away in 2003. Any questions please ask. A great investment for the future and a marvelous Christmas gift for someone. Postage and packing is 8 pounds to the UK Mainland; others need to apply.
