Angae Day.
87.

Dear Ruth & Dick,

I am so far behind with my correspondence - what's new? The photos were fabulous, I have had reprints for Rob & Brad, still not sent to them. This weekend is it, for catching up.

A great number of things have happened since we saw you last. The trip home was uneventful, thank goodness, we stayed in Albury Monday night, and home Tuesday.

Everything was okay & the girls in the shop did a wonderful job. Nothing has happened as far as selling the shop & we have been very busy there.

We are auctioning the house Friday 1st May - next week, so have been doing all the odd jobs

that are required at this time.
I have to spend more time making
the business profitable & there
are too many things here taking
my energy. We have decided to
do it all again, but when the
shop is sold.

Unfortunately we didn't get to
Adelaide for Joan & Peter's 40th
anniversary. Bruce had the
flu & then I caught it, just
couldn't get there. What they
had a lovely day with about
60 people for lunch.

Kress is growing like mad,
settling up & taking very thing
& very good. Hope your
young ones are doing well.

Gradually getting cooler nearly
fine time - had rain lately
but generally good bars &
holidays.

I want you to buy a bottle
of "whatever takes your fancy"
with this cheque, my appreciation
for your good work.

Look forward to seeing you both -
shop will always find us love & both
lois.
