BOX HILL NORTH. 3129.

Dear Sir,

Following the tremendous success of the first Castlemaine Festival in 1976, the Committee is now planning the programme for the 1978 Festival, at which it is hoped to have many exhibitions of the highest standard.

We now request information about the possibility of you providing an exhibition during the week, on one evening up to an hour's duration to be held at the Castlemaine Stadium.

Could you please let us know at your earliest convenience if your team is available at that time and the cost of staging one exhibition. Following this, we will be in touch again re dates and performance times.

Yours faithfully,

P.A. BROADWAY. (MRS.)  
MANAGER.
