Dear Sir,

The Executive Committee of the GVAVA has asked that I write to you requesting financial assistance for country VAVA committee members.

The VAVA holds fairly frequent and regular committee meetings. Further, some committee members of the VAVA must travel some two to three hours to attend these meetings. The distance to be travelled and the frequency of the meetings does place a rather onerous financial burden on country committee members.

Accordingly, the Executive Committee of the GVAVA requests the VCVC to reimburse all VAVA committee members who live in the country for their travelling expenses.

I hope that this request receives a favourable answer.

Yours sincerely,

T.G. Clough
Secretary GVAVA
