Dear Greg,

Your proposal of affiliation with the VCVC is commended, however we are unable to grant full membership with the conditions you outline. The alternative is to apply for Associate membership at a cost of \$25 per annum until your Association can see its way clear to paying full membership fees. Naturally only nominal services can be expected as an Associate and I would urge your Association to streamline its programme so that you can attain full membership in 1980.

Yours in Volleyball,

T.N.Stevens
Secretary
