Dear John,

Please excuse the long delay in response to your letter.

Because you are an Association located outside the Metropolitan area, it would seem appropriate that you join the VCVC which is an affiliate of the VAVA.

The costs of affiliation are as follows:-

Association affiliation fee :- \$25.00 per annum

Player registration fees :-

U15 50¢

U17 \$1

U20 \$2

Open \$3

Players age is determined as at 1st Jan. each year.

The players fees are collected by the VCVC, but are passed on 'in toto' to the VAVA who retain a portion and forward the remainder to the AVF. Thus any player registered in Victoria is automatically affiliated to the Australian level.

The tangible benefits to be gained from affiliation are numerous but to mention a few.

1. Participation in various Tournaments throughout Victoria.
2. Coaching visits by the State Director of Coaching, bringing Volleyball into contact with State schools and Secondary schools in your area, as well as local club teams and players.
3. Forwarding of all types of Volleyball literature, enabling your Association to keep abreast of the latest developments in the game.
4. Consequent improvement in standard of play.
5. Computer printout of all players registered in Victoria, with contact points.

Hoping that this may assist,

Yours in Volleyball,

Tom Stevens Secretary.
