Dear Tom,

Since our last contact, a Committee meeting of delegates of teams entered to play in our Winter competition, beginning on April 24th, decided that it would be preferable to defer our application to affiliate with the V.C.V.C for the time being.

The majority felt that since many of our players are new this season and relatively inexperienced, they should be given time to settle in and establish their interest in the sport. This would help ensure the growth and acceptance of our association, before they are asked to outlay the extra cost of outside registration while insufficiently experienced to reap the full benefit of it.

We would like, therefore, to with-hold our application temporarily and will make a further approach at a later date when it is felt that the Association is more equipped to make the most of such a move.

Yours faithfully
(MAX KEATING - Sec. K.A.V.A.) M Keating
