Miss L. Coleman,

ARARAT. 3377

Dear Miss Coleman,

Thank you for your letter of July 9th. Enclosed is a very brief history of International Volleyball, and a spare copy of the program which was produced for the 1975 Asian Volleyball Championships, conducted in Melbourne.

Unfortunately, there is no prepared history of National Volleyball for Australia, although it is long and colourfull. My involvement for the past 15 years or so has only been at State level, so I am not fully conversant with the National scene.

Two men who could help you would be as follows:

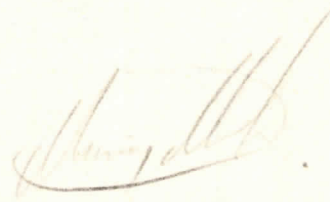

Mr W. Gollong,
69 Peter Street,
BOX HILL NORTH. 3129

or

Mr W. Lebedew,
3 Owen Avenue,
BLAIR ATHOL. 5084

I trust the information provided is helpful. If any of your classmates require similar information, would you be good enough to let them have a loan of the information I have sent you as copies of the programme are very scarce now and the cost of photocopying prohibits me from sending many copies of the International history.

Yours Faithfully,

M. Mansfield for

T. Stevens, Secretary VCVC

Dear Sir,

Could you please send me some information and pictures on national and international volleyball competition, as I am doing an assignment on this subject in Physical Education.

This would be much appreciated as I cannot find very much information on this subject in both the school and local libraries.

If possible could you please forward this information as soon as you can, as this assignment is due on Friday 3rd August.

Thanking you,

Yours sincerely,

Leanne Coleman.
