Dear Sir / Madam,

I am writing to enquire as to the possibility of obtaining from you some information on volleyball skills of coaching and teaching.

Presently I am a student at the Victorian College - Rusden Campus studying Physical Education (secondary teaching). As part of the course I have chosen an elective which requires us to research the skills and techniques needed to coach and teach volleyball.

While researching I was very impressed to find your publication titled,

"INTERNATIONAL VOLLEYBALL RULES".

This booklet covered in depth the rules which one such as myself would need for future teaching reference. If it is at all possible to obtain I would be much appreciated and if necessary am willing to pay costs incurred and postage.

Hoping to hear from you if this action is possible.

Yours faithfully,

  
Jacqueline Thompson.
