RE: Australian Country Championships

COMPOSITION OF TEAMS

I see a need to establish criteria for representing each state and a specific policy. ^

1. Regional Champions from each state - giving greating participation
2. State country teams

Consideration of this matter will be placed on the Agenda for the Council meeting.

NOTE - Refer to regulations which at the present time are quite open.

Malcolm.

It has been suggested that in future Victoria should be represented by the men's + women's teams which win our Open Country Championships - or the teams that finish 1st and 2nd (or even 3rd) if they wish - V.A.V.A favour this approach as it gives more players the opportunity to participate. What do you think?

Bob R.
