Dear Bob,

It is with considerable reluctance that your resignation from the position of President of the VCVC is accepted.

Your sterling efforts during the formation and early years of the VCVC has helped the Council to go from strength to strength and you will be able to look back with pride on a job well done, when your interest in Volleyball is rekindled and you are called on to resume a position of authority.

On behalf of the VCVC and myself, I offer you congratulations for your excellent leadership at a time when good leaders are difficult to find.

In conclusion please accept our good wishes for Nancy and yourself and I will expect to resume acquaintances at an early time in the future.

Yours in Volleyball,

Tom Stevens
Secretary.
