Dear John,

In reply to your queries regarding trophies for VCVC Championships. The policy of the VCVC has been that the Council itself be responsible for supplying the perpetual Championship Trophies and that the individual host Associations be responsible for any individual trophies or awards.

I agree with the comments that our premier events should ~~receive~~ provide the winning teams with an appropriate individual trophy for each of its members, the value of the trophies provided by Wangaratta would have adequately covered the costs of supplying medallions, possibly a little forethought from the Organising Committee would have established this fact.

Bendigo Association are likely to provide their winning Girls team with medallions which course I think LVVA should adopt for the present.

Your delegate should raise the matter further at the next Meeting of the VCVC to obtain the opinions of the other Country Associations.

In the meantime I will reccomend to Goulburn Valley Association that they consider these points when selecting trophies for the forthcoming Country Championships.

Yours in Volleyball,

Tom Stevens  
Secretary.
