Recd by VAVA 23/10/79.

The Secretary,
Metropolitan Volleyball Council,
19 Grey Street,
BALWYN. Vic. 3103.

Dear Sir/Madam,

The construction of a Community Centre Sporting Complex, here in Nathalia, is nearing completion and plans are being drawn up to feature "Volleyball" as part of the official opening of this Centre - tentatively early December this year.

This new complex will provide the only venue in Nathalia where people can gather for social and sporting activities, thus filling an urgent need for our community.

Consequently, the Shire of Nathalia is most anxious to ensure the success of this new venture by forming policy on management, charges etc., that will promote the game of Volleyball in this region.

Council would therefore be most grateful for any suggestions made by an experienced sporting body such as your Association.

Further, it is suggested that your Association may be interested in arranging an exhibition match or instruction classes as part of the Centre's opening.

I look forward to hearing from you.

Yours faithfully,

J. K. DANCOCKS
