Dear Mr. Austin,

I am writing to inform you that the Commercial Egg Producers Association will be pleased to meet the Liberal Party Rural Committee on the suggested date of August 9th, for a general discussion on the retention of Hen Quotas or better known as Demand Supply Management.

As an organisation we are in favor of the continuation of Hen Quotas and we would like to know what, if any, objections your Committee has to them being retained.

Yours sincerely,

K. Fitzgibbon,
SECRETARY
