Mr. R. McLellan,
Minister for Consumer Affairs,
35 Spring Street,
MELBOURNE. 3000

Dear Sir,

I have been instructed by this Association to protest about the dramatic increases in the price of chemicals and vitamins since devaluation. Several of these lines have increased up to 26 per cent in a period of 5 months from November last to March this year. It seems grossly unfair that farmers always have to absorb these rising costs without corresponding increases in their own returns.

As an Association we would like you to advise us on the best course of action we can take in this matter.

Yours sincerely,

K. Fitzgibbon,
SECRETARY
