7th June, 1977

To the Secretary
(as addressed)

Dear Sir,

Following the request of Members of State Parliament for an up-to-date report on the progress of egg production licensing in Victoria and the rest of Australia, the attached report has been prepared by Central Council of the Commercial Egg Producers' Association of Victoria.

To ensure that Government Members particularly are aware of the true position, would you please arrange to have this report delivered personally to any Liberal Party Members of Parliament in your area.

As was decided at the Central Council Conference would you please report back to me the names of those who have been approached and the result of discussions by the 1st July.

Yours faithfully,

K. Fitzgibbon,
SECRETARY
