The Manager,
State Electricity Commission,
Hargreaves Street,
BENDIGO.

Dear Sir,

I have been instructed by this Association to protest about the poor after hours service given by the S.E.C. We believe that one phone number for such a large area of Victoria is very inadequate, as poultry farmers using brooders and incubators can incur great losses if there is a breakdown in power.

We request that more phone numbers be made available so as to insure that more prompt after hours service can be given.

Yours faithfully,

K. Fitzgibbon,
SECRETARY
