Hon. John Radford, M.L.C.,

BENDIGO. 3550

Dear John,

I am writing on behalf of the Commercial Egg Producers Association of Victoria to inform you that we are very alarmed at the reported statement of the Minister of Agriculture Mr. I. Smith, in the Age and on the A.B.C. on Friday 19th October, that it was the intention of the Government to discontinue the Egg Industry Stabilization Act as from March, 1980.

We would be very grateful if you will take this up with the Minister on our behalf, and if this statement is correct we request immediate deputation with the Liberal Party Parliamentary Agriculture Committee to put our case.

Yours sincerely,

K. Fitzgibbon,
SECRETARY
