Dear Sir,

As Licensing in the poultry industry is about to commence the final 12 months of the present legislation, on behalf of our Association I would like to ask you is your party in favor of the continuation of Licensing and Demand Supply Management in Victoria?

We feel that Victoria should fall into line with the other States where Licensing is law for an indefinite period of time.

Producers need some guarantee to know how to plan for the years ahead, and we believe that Licensing and Demand Supply Management is the answer to a stable industry.

Yours sincerely,

K. Fitzgibbon,
