Dear Bill,

I am writing on behalf of the Commercial Egg Producers' Association in regard to S.E.C. compensation payments for fire damage. In the past compensation to farmers has dragged on for some years before being settled. We would like to ask that any outstanding and future claims be paid more promptly and we would welcome any suggestions you can make to prevent this time lag.

Hoping you can take this matter up with the S.E.C. on our behalf.

Yours sincerely,

K. Fitzgibbon,
