From Bendigo and South Bendigo Branches

- (1) Meatmeal situation.

- (3) Pricing of eggs considering the escalating feed prices. Incorporating the following points - extra one cent charge for eggs in cases, packing material charge for class B eggs, surplus eggs coming from broiler breeders and over quota hens, rest of the equalization surplus.
- (4) Policy or action is the quota scheme is likely to be abolished.
- (5) Burnley test will probably discontinue the floor testing. What should be the future of the cage test?
