Mr. Eric Kent, M.P.,  
Minister of Agriculture,  
Box 4041, G.P.O.,  
MELBOURNE. 3001

Dear Mr. Kent,

We wish to thank you for your decision in curtailing any further issuing of P.A.'s in this State. This is of particular importance for Northern Victoria where any further P.A.'s would upset the viability of our grading floor.

To enable our Association to be completely informed on your Government's policy regarding the egg industry we would be pleased to be advised if and when any further legislation of our industry is proposed.

Yours sincerely,

K. Fitzgibbon,  
SECRETARY
